The PLFW 832 Wall Hood/Under Cabinet Hood is the most powerful standard range hood in our line. This model has been completely redesigned using our customers' feedback and is better than ever. The 30" size comes with a single 1000 CFM blower while the 36-60" sizes feature a dual 2000 CFM blower. These 6-speed options are powerful enough to manage any level of heat, steam or cooking smoke your range could produce.
